Love God. Love Neighbor. Make Disciples. Change the World

MINISTRY WHILE ISOLATED

One of the safest and most practical ways that we can help our brothers and sisters in need of food and other supplies is to make a monetary donation to the organization or agency who is holding the collection. They know what is most needed and have the resources to purchase food and supplies.

Our Charge Outreach will continue to use our funds to support these efforts. If you find it in your heart, and are able to do so, a donation to Outreach will allow us to continue to respond as requests come in during these unprecedented times. A number of our Queen Anne County residents are in need of food and household goods. As a charge we continue to support local organizations through our Outreach program and Benevolence Fund.

We financially supported Haven's Ministry and Our Mother of Sorrow's Food Pantry. Here are some ways you can help.

Make Masks! Medical professionals are in need of face masks. Check out the link for more information and where to send. [MASK HOW TO](#)

FROM THE PASTOR

“Be still, and know that I am God; I will be exalted among the nations, I will be exalted in the earth” Psalm 46:10

Stillness is very counter cultural and for many it is difficult to do. We live in a society where we step the pedal to the metal and going 100 mph is praised and admired. The more I get done in a day is equal to how productive or valuable I am.

However, it is in the stillness and quiet that God speaks to us. When we force ourselves to step on the brake pedal it is an invitation for God to be heard. The stillness allows God to increase and the noise and the problems of the world to decrease. Soon we realize that God is bigger than the problems that we are currently facing. And from that comes peace and hope. is a time for us.

We live in uncertain times. COVID-19 forced the world to be still. The certainty is that God is bigger. We may not see it now, but there is hope. The goodness of God’s people is prevalent in the world. As I patrol the city I sense fear. However, we must not let fear overcome the hope and promise that we have from Christ. He is the hope and resurrection from the world. Keep your faith. Connect with each other. Lean on God’s promises and allow yourself to be still in this time of isolation. Be the light. You are not alone. How is God speaking to you?
